One Day Training On Work and Retention of Disability Health Care and Benefits

TRAINING GOAL

Training participants will receive knowledge and planning techniques on how youth and adults with a disability can access and retain needed benefits after paid work begins.

Training will increase service providers' knowledge and demonstrate how they can engage as coherent partners to more effectively meet their consumer's needs.

LEARN FROM CASE STUDIES USING DB101 BENEFITS

PLANNING CALCULATORS on how paid work affects health care and benefits such as Supplemental Security Income (SSI).

- *Learn to use the Benefits Calculators available now on www.db101.org.*
- Review of public and private health and income support programs, including Medi-Cal's California Working Disabled Program and In-Home Supportive Services, and learn how these programs work with employment and vocational services.
- Updates on the new rules including the 2008 re-launching of the New Social Security **Ticket to Work Program**.

You are encouraged to Bring Your Service Organization's Brochures and Outreach Materials for the Training Resource Tables and Networking.
